## Community Action of Orleans and Genesee

*Our mission:: “To provide services, with dignity and respect, that help people become self-sufficient”*

Hello Team:

I hope you are all enjoying this beautiful summer! As I write this I am looking forward to this weekend when I will have the honor of judging at the Stone Soup Showdown at the Orleans County Fair. This event is part of our Stone Soup Success program that we jointly run with Cornell Cooperative Extension. It will be similar to some of the food tv shows where contestants are presented a box of food items and they have a specific amount of time to make creative dishes. The ingredients will be similar to what you might find in our Pop-up Pantry Food distributions. I hope you all had an opportunity to visit the fair. They do a wonderful job!

In July the House Labor-HHS Appropriations subcommittee marked up the 2024 appropriations bill. A number of human service programs were proposed to be eliminated and several have proposed funding cuts. Fortunately, the Community Services Block Grant (CSBG) was not designated for cuts in the bill. This is good news but since many other cuts were proposed, it is likely that interest groups may call attention to this so it is important that we continue to do our part to show the good work we do with CSBG funding, and more importantly, the outcomes. As a refresher, CSBG is the foundational funding that makes us a Community Action Agency. Each year our Director team makes a budget and workplan for CSBG. This includes ALL of our programs, no matter what the funding source. Then quarterly, we report out on our progress toward our goals. Opponents to CSBG often make statements about us not making an impact in the War on Poverty. Tracking OUTCOMES is our defense to these statements. All the services in the world don't make a difference if we do not achieve our goal of helping people to become self-sufficient and if we don't track this, we can't take credit for the work. We are required to follow ROMA (Results Oriented Management and Accountability) in all that we do. When we report to the state, we not only include numbers on services, but also outcomes, called NPIs or National Performance Indicators. Here is an example of Services and NPIs related to Employment.

Continue– Next page

Employment Services (SRV 1)		Employment Indicators (FNPI 1)	
Skills Training and Opportunities for Experience (SRV 1a-f)		FNPI 1a	The number of unemployed youth who obtained employment to gain skills or income.
SRV 1a	Vocational Training	FNPI 1b	The number of unemployed adults who obtained employment (up to a living wage).
SRV 1b	On-the-Job and other Work Experience	FNPI 1c	The number of unemployed adults who obtained and maintained employment for at least 90 days (up to a living wage).
SRV 1c	Youth Summer Work Placements	FNPI 1d	The number of unemployed adults who obtained and maintained employment for at least 180 days (up to a living wage).
SRV 1d	Apprenticeship/Internship	FNPI 1e	The number of unemployed adults who obtained employment (with a living wage or higher).
SRV 1e	Self-Employment Skills Training	FNPI 1f	The number of unemployed adults who obtained and maintained employment for at least 90 days (with a living wage or higher).
SRV 1f	Job Readiness Training	FNPI 1g	The number of unemployed adults who obtained and maintained employment for at least 180 days (with a living wage or higher).

As you can see, outcomes often require some type of follow-up with the customer to see how they are doing with achieving goals. An example would be checking in with a customer in 90 days to see if they are still employed after working with us on finding employment. Tracking these outcomes gives us the data we need to demonstrate that we are truly making a difference in the War on Poverty and knowing you were able to help someone achieve their goals is one of the most rewarding parts of being part of this agency. And remember, we love to post success stories on our website <https://caoginc.org/testimonials/>. I love data, but sometimes a story says it all.

Thank you for everything you do for our communities!

*Renée*

# EMPLOYEE OF THE MONTH

## Ernie Gursslin

Ernie has been the lead point person for the HEAP Summer Cooling Program for both Orleans and Genesee since 2022. Ernie is responsible for ordering, pick up and installation of air conditioner that we are contracted as a vendor to install for the counties. Because of Ernie's excellent customer service skills, we have gotten many compliments about he and his helper. Per Elizabeth Jubenville (Sr. Social Welfare Examiner for Orleans) "Fabulous remarks and comments on your install team. Every single call– they are full of compliments. They make our customers happy and we appreciate it!" We also got a call from a customer in Genesee that was very happy with the way Ernie explained the use of the unit and how to operate. "He even gave me his cell number in case I had any issues or questions, now that is SERVICE!" Many thanks to Ernie and his team. Thank you Ernie for your hard work on this program and always giving our customers the best possible customer service.

# Thank you to all of our generous volunteers and donors in the month of June and July.

Mason's Chicken BBQ donated \$2,121.32 to support food pantry expenses. Thank you to all of the donor's that made this event possible. Thank you to Jeanette and Nichole for coordinating the event.

The Motorcycle Charity Run on July 8th raised \$2,441 after expenses to support our Emergency Services.

Thank you to Ricky Standish and his fellow Elk's riders and the Elk's lodges in both Brockport and Albion along with Stan's Harley-Davidson shop!

# Food Distribution

Municipal Parking Lot  
165 South Platt Street, Albion, NY 14411
